About Us

TRINITY ELASTOMERS was established in the year 2001 and has dedicated itself in Manufacturing Rubber Molded Components. Trinity Elastomers continuously rising on the growth chart and setting very high quality standards, we emphasis on quality is combined with the latest technology.

Since its inception, the company has established a reputation for itself as a supplies of quality products, we focus on quality and aim to achieve total customer satisfaction, both in the product we offer and in our service after sales.

Right from Inspection, through every phase of growth, Trinity Elastomers has been backed by the strength of its enterprising and committed personnel – a professional team that works hard in hand to evolve products and services that meet customer standards.

Trinity Elastomers has obtained ISO 9001 : 2015 certification From BSI India Ltd., and therefore assure you of supplying of your needs. Utmost specification and best of quality. Needless to say, that our rate will be more competitive.

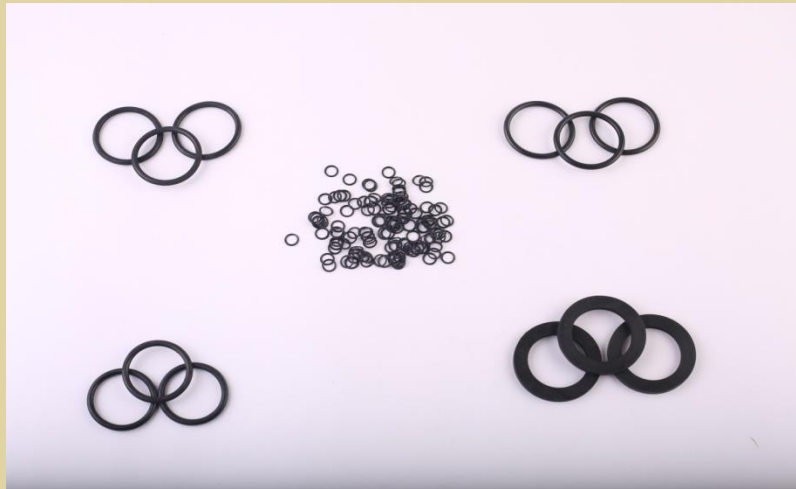

Trinity Elastomers has a very good tooling facility inside India and in abroad, able to concentrate and develop the visual quality of the products and the inherent quality.

We, Trinity Elastomers dedicated ourselves to serving your industrial rubber needs and constantly earning your respect and trust. Our product range includes

- O Ring and Gaskets
- Wiring Harness Rubber Products
- Wiring Harness Silicone Rubber Seals
- Wiring Harness Rubber Seals
- Rubber Cap for Gel Pen
- Rubber Seal for Gel Pen
- Rubber Wheel for Washing Machine
- CLT Cover Protective Cap
- Elemen Gasket for Four Wheeler
- Dust Caps

O Ring and Gaskets

These automotive O Ring & Gaskets are specially designed based on advanced technologies that make them useful as seal rotating shafts in the motor vehicle industry. These are designed to also offer good resistance to heat & low temperature, elasticity, high resistance to water as well as low compression.

Wiring Harness Rubber Products

We are manufacturers and importers of Industrial Rubber Products. Our products range is Rubber Grommets, Rubber Packaging & Drain Back, Valve for fuel Filter, Metal to Rubber Bonded Products, Rubber Cap for Gel pen and Wiring Harness Rubber Seals.

Wiring Harness Silicone Rubber Seals

Our Wiring Harness Silicone Rubber Seal are favored by customers all over the world! As manufacturer of Silicone Rubber Seal, we produce them with the good strength to withstand huge amounts of stretch and pressure, perfect design so as to enable its usage in a wide range of applications and good sealing performance.

Wiring Harness Rubber Seals

Wiring Harness Rubber Seals produced by us are recommended by many of clients as they are produced with high quality products like Nitrile and Viton rubber. This helps airtight sealing of objects like or oil or even high pressure instruments. These rubber seals are time saving and provides clean and airtight sealing against gases, liquids, powders and dust. These have been made using a high level of technology to enable it to keep out dirt and moisture and to retain lubrication. There are varied designs, shapes and sizes for oil seals. As manufacturer of rubber seals, we produce them with the good strength to withstand huge amounts of stretch and pressure, perfect design so as to enable its usage in a wide range of applications and good sealing performance.

Rubber cap for Gel Pen

Our Rubber Cap process allows us to combine various colors, formulas and textures to produce a unique product that improves overall appearance and comfort. Like our standard caps and grips, our new double dipped caps and grips can be imprinted with your company name, logo or message.

Rubber Seal for Gel pen

We are the manufacturer and supplier of large volume Rubber Seal products for Gel Pens. This is specially designed for protecting the Gel pens by evaporating ink and avoid drying. These rubber seals are time saving and provides clean and airtight sealing.

Rubber Wheel for Washing Machine

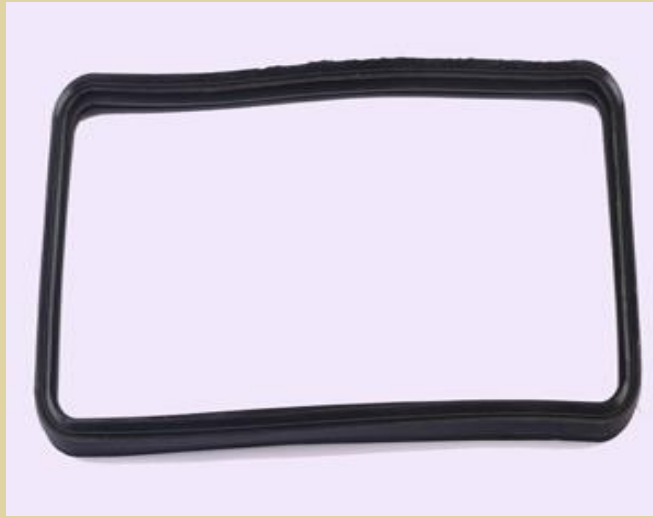

We have been engaged in offering a premium quality and elegant collection of Caster Wheels. These Caster Wheels are available in the market in various sizes. The offered Caster Wheels are extensively used for general applications under light to moderate load rating and in many other suitable applications.

CLT Cover Protective Cap

Our CLT Cover Protective Cap are favored by customers all over the world! As manufacturer CLT Cover Protective Cap, we produce them with the good strength to withstand huge amounts of stretch and pressure, perfect design so as to enable its usage in a wide range of applications and good sealing performance.

Elemen Gasket for Four Wheeler

These Elemen Gaskets are specially designed based on advanced technologies that make them useful in the motor vehicle industry. These are designed to also offer good resistance to heat & low temperature, elasticity, high resistance to water as well as low compression.

Dust Caps

We are among the most sought after companies dealing in the supply, trade, distribute and export of Dust Caps. These dust caps are able to give efficient performance for years and are offered at reasonable prices to our beloved clients. Further, these dust caps are available in plethora of ranges and specifications in order to suit the requirements and needs of different clients.
